I am a student at Shenkar University College, studying software engineering, currently programming in languages - **C, C ++ , Assembly, JavaScript, HTML, CSS, SQL, UNIX.**

I have been interested in software engineering from my highschool days and have excellent working knowledge of all Office software and Internet applications, as well as high-level of computer hardware knowledge

Education:

2019-Present - B.Sc Software Engineering, Shenkar College

(Graduating in 2023)

Achievements :

2014 - Won first place , robotics tournament “I can do it”

2017 - Participated in the program, “Hi-Tech achievements”

2021 - Winning first place , Jam-week , Shenkar college

Work experience:

2021 - present SQL-Technician Engineer, Femi Premium, Ben-Gurion airport

- Providing technical support to COVID-19 tests project at Ben-Gurion airport
- Working with database and making sure that everything is working with no bugs
- Supplying variety of data for customers and to other departments of the company
- Troubleshooting SQL-based problems and making sure all the data is sent to correct labs
- Identifying complex system faults and report them to the relevant team

2020- present member of the mentoring staff, Shenkar College

- Working with senior academic staff (Directors of Departments)
- Managing work efficiency schedule
- Providing assistance to various students
- Preparing the students to a variety of exams , mentally and physically.

2018-2019 – Shift manager “gas station” , Dor alone

- Negotiating with service providers
- Managing work and supply schedules
- Reaching monthly and yearly income goals
- Giving emphasis for the customer service in the company

General information:

I am a responsible, hard working person, with high working ethics and excellent interpersonal skills. Keeping a neat schedule and always stick to it.

Loving my job ,always trying to innovate new ideas into successful projects.
